

THE DANISH MICROBIOLOGICAL SOCIETY

Sponsor and Exhibitor Prospectus

DMS Annual Congress

14 NOVEMBER 2022

MARMORHALLEN

COPENHAGEN · DENMARK

INVITATION TO SPONSORS AND EXHIBITORS

WELCOME

Dear Sponsor and Exhibitor,

It is a great honor to once again host and organize the Annual Congress of the Danish Microbiological Society on **14 November 2022, at Marmorhallen in Copenhagen.**

The congress will focus on all three microbiological research areas:

- **Clinical**
- **Industrial**
- **Basic research**

Therefore, researchers from all fields of microbiology attend, making the congress particularly attractive for suppliers and companies conducting microbiological research and diagnostics.

At the DMS Congress 2021, we had a participation of around 400 Danish and International microbiologists from universities, hospitals, and the industry, and it is expected that at least as many will participate in 2022.

The programme will consist of keynote lectures, parallel sessions, flash talks, posters exhibition, satellite symposia, and Workshops.

We hope the scientific programme will be of value to expand your knowledge, improve your future microbiological work and build your friendships in the community.

We look forward to welcoming you in November 2022 at Marmorhallen.

On behalf of the DMS Executive Committee,

Thomas Bjarnsholt

Chairman of the Organizing Committee
