

Join us on 28 March 2022

**DMS 2022 General
Assembly &
Symposium on:
"Microbial physiology and
resource allocation"**

More information on dms.dk

Program

Time	TITLE	SPEAKER
13:00	DMS 2022 General Assembly	
13:50	Short break	
14:00	Microbial strategy for resource allocation	Prof. Alfred Spormann, Director for The Novo Nordisk Foundation CO2 Research Center
14.40	No acetogen is equal: Understanding H2 thresholds in acetogenic bacteria	Dr. Jo Philips, Assistant prof. Department of Biological and Chemical Engineering, Aarhus University
15.05	Short Coffee Break	
15.20	Resource allocation and division of labor in cable bacteria	Prof. Andreas Schramm, Department of Biology, Aarhus University
15.45	The upper temperature limit for microbial life in the deep biosphere	Prof. Bo Barker Jørgensen, Department of Biology, Aarhus University
16.10	Beer, soda, snacks, networking
