

# **DMS** ANNUAL CONGRESS **2025**

Sponsor and Exhibitor  
Prospectus

10 NOVEMBER 2025

**MARMORHALLEN**  
**COPENHAGEN · DENMARK**

# WELCOME!

Dear Sponsors and Exhibitors,

We are honored to host and organize the Annual Congress of the Danish Microbiological Society once again, on the 10th of November 2025, at Marmorhallen, in Copenhagen.

The congress covers various aspects of microbiology, including:

- ☐ Clinical
- ☐ Industrial
- ☐ Environmental research

Researchers from all fields of microbiology are invited to attend. This makes the congress particularly attractive for suppliers and companies conducting microbiological research and diagnostics.

At the DMS Congress 2024, we had the participation of **408 Danish and International microbiologists** and experts from universities, hospitals, and the industry. It is expected that at least as many will participate in 2025.

The programme will consist of keynote lectures, parallel sessions, posters, exhibition and industry flash talks.

We hope the scientific programme will help expand your knowledge, enhance your future microbiological work, and foster new connections within the community.

We look forward to welcoming you in November 2025 at Marmorhallen, Copenhagen.

On behalf of the DMS board,

**Leise Riber**

President of The Danish Microbiological Society  
&  
Chairwoman of the Organizing Committee
